

OXFORD River Cruises

Bacchanalia

Bacchanalia, our first craft, a beautiful and characterful Edwardian style launch. She is popular for family celebrations and relaxed outings with friends. She is electrically propelled so almost silent running. The perfect venue from which to enjoy a lazy river day.

The rear canopy is permanently in place. A forward canopy and side panels can be added to fully enclose the boat if the weather is bad. She has cushioned bench seating at the bow and Lloyd Loom chairs around a large dining table at the stern.

You are welcome to provide your own catering aboard Bacchanalia or you can choose one of our catering packages. She has a licensed bar, CD sound system and gramophone (on request).

Bacchanalia is licensed to carry 12 passengers (excluding crew and infants). Larger groups of up to 24 passengers might consider hiring Bacchanalia together with her sister vessel Golden Slumbers. The vessels can cruise in tandem and passengers are free to move between them at regular intervals.
