

OXFORD River Cruises

GOLDEN SLUMBERS

Golden Slumbers, a lovingly constructed Edwardian Style launch. Her fine lines and elegant teak interior are popular with friends and families wanting a relaxing escape on the river. She is also the vessel of choice for our famous Mad Hatter's Tea Parties!

She is electrically propelled so almost silent running.

She has a full length canopy and side panels can be added to fully enclose the boat if the weather is bad. She has cushioned bench seating at the bow and stern and a dining table at the bow.

You are welcome to provide your own catering aboard Golden Slumbers or you can choose one of our catering packages. She has a licensed bar, CD sound system and gramophone (both on request).

Golden Slumbers is licensed to carry 12 passengers (excluding crew and infants). Larger groups of up to 24 passengers might consider hiring Golden Slumbers together with her sister vessel Bacchanalia. The vessels can cruise in tandem and passengers are free to move between them at regular intervals.
