## SERAFINA II

Serafina II, our popular all weather passenger vessel, is ideal for sightseeing trips, family occasions and special events.

The forward section of the saloon roof can slide back and together with the three sliding roof hatches provides passengers with the opportunity to enjoy the open air during fine weather cruises. During inclement weather she can be fully enclosed and centrally heated.

You are welcome to provide your own catering aboard Serafina II or you can choose one of our catering packages. Serafina II has a licensed bar, toilet and a CD sound system.

Serafina II is licensed to carry 50 passengers. We recommend the following numbers for greatest onboard comfort.

Sightseeing Cruise	50
Private party without catering	45
Private party with catering or entertainment	40
Private party with catering and entertainment	35
